

Simplicity Reliability Integrity

WHY AFRIGISTICS

We understand the complexities of the African Market.

By understanding and taking cognisance of factors such as port congestion, poor infrastructure, lack of common standards and communication breakdowns, which are inherently unique to the African logistics context, Afrigistics has positioned itself to provide a comprehensive range of specialised end-to-end logistics solutions

How do we achieve this?

 Africa Focus & Expertise

 Personalised Service

 Independence

01 Africa Focus & Expertise

Decades of experience in especially the FMCG export industry as well as a thorough knowledge and understanding of the intricacies and unique nature of doing business in Africa, brings about a logistics service offering trusted by many businesses across Africa

02 Personalized Service

Through our extensive network of strategic partnerships & alliances, we are big enough to provide our clients across diverse industries with world class service, yet small enough to remain focused and innovative to provide truly personalized service.

03 Independence

Being positioned as independent logistics service provider, we have the advantage of being able to leverage off the best capabilities of a wide scope of service providers, without being tied into a single freight forwarder's network.
